

COMBINE

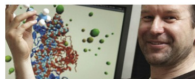

COMBINE is a student-run Australian organisation for researchers in **computational biology**, **bioinformatics**, and related fields.

We aim to bring together students and early-career researchers from the computational and life sciences for networking, collaboration, and professional development.

- ▶ we run seminars, workshops, symposiums, and social events.
- ▶ we are the official ISCB Regional Student Group for Australia.

Previous Events

Alignment free methods for sequence comparison

Dr. Tom Conway, NICTA

How to get your computer to freeze

Dr. Mike Kuiper, VLSCI

How to give a better research presentation

Prof. Justin Zobel, The University of Melbourne

October social event

Student Symposium 2012

Upcoming Events

- ▶ Python workshop
- ▶ Student Symposium 2013 (late November)

Let us know if you would like to present your work!
