## About Us

### COMBINE

COMBINE is a student-run Australian organisation for researchers in **computational biology, bioinformatics**, and related fields.

We aim to bring together students and early-career researchers from the computational and life sciences for networking, collaboration, and professional development.

## Annual Symposium

The COMBINE Student Symposium is an opportunity for students and early-career researchers in computational biology, bioinformatics, and the life sciences to share their research with others in these fields.

Symposium 2013 included over 50 attendees, a careers panel and prizes for the winning presentations.

## ISCB Affiliation

COMBINE is the official International Society for Computational Biology (ISCB) Regional Student Group for Australia.

- 25 ISCB Regional Student Groups (RSGs) around the world.
- Student council symposiums at ISCB conferences:
  - ISMB2014 - July 11–15, 2014 in Boston, USA.
  - ECCB2014 - September 7–10, 2014 in Strasbourg, France.
